Education

2019 – **Software Engineering + Big data**

2024 **mention**

University of Technologies and Digital Art
(U-Tad) in Madrid, Spain.

Experience

Professor of IOS (Implementation of Operating Systems)

U-TAD

Madrid

Sept. 2023 – Jul. 2024

- Managed heavy teaching workload, swiftly creating materials and assessments.
- Developed strong social and teaching skills, promoting active learning.
- Committed to ongoing self-improvement, expanding expertise as needed.
- Maintained effective communication with superiors and colleagues.

Other Experience

Event planner for college parties

FREELANCE

Madrid

Dic. 2021 – Nov. 2022

At this event, I had the privilege of gaining a comprehensive understanding of the complexities of resource management, including the provision and utilization of facilities, as well as the intricacies of marketing. Furthermore, I also had the opportunity to sharpen my social skills, which are a crucial attribute for professionals in the field of public relations.

Python tutor

U-TAD

Madrid

Apr. 2021 – Present

As a result of my outstanding academic achievements, I was privileged to conduct several workshops on the fundamentals of the Python programming language for high school students. Through these sessions, I imparted knowledge on key concepts such as data types, loops, conditionals and additional topics to stimulate their interest and curiosity in the field of programming.

Projects Experience

U-Next

UNIVERSITY PROJECT

Madrid

Feb. 2021 – Jun. 2021

I collaborated with my colleagues to develop a platform for our university, aimed at promoting the initiation and progression of projects by university students. The platform serves as a connection point between project creators and students who are interested in the ideas and wish to collaborate, creating opportunities for specific roles within the project.

Computer knowledge

- **Fronted Programming:** HTML, JS, JQuery, React, Webflow
